School Health Precautions

The school, classrooms and staff will continue to follow the Ministry of Education and Ministry of Health COVID-19 guidelines by practicing social distancing, daily temperature checks, wearing of masks, washing hands, and all safety and health requirements. Our classroom desk and chairs have been set up per social distancing guidelines. Furthermore, our school is equipped with digital and robotic systems able to take daily temperatures.

Mission Statement

The American Academy for Girls is a private and inclusive school that provides an American-style education taught by culturally diverse teachers, while meeting Kuwait's educational requirements. By applying 21st Century skills, coupled with technology ensures our students are well-prepared elective communicators, problem-solvers, and global learners.

School Philosophy

The American Academy for Girls believes in fostering an environment for high academic achievement by empowering girls and young women to be

- Critical thinkers and problem solvers
- Effective communicators
- Academic achievers in a collaborative environment
- Global citizens

We believe that learning is best achieved with parental involvement and community collaboration. The American Academy for Girls welcomes all nationalities and teaches appreciation of different cultures and respect for diversity within the international community.

Essential Considerations

- The school is subject to regulations as dictated by the Ministry of Education.
- The school must follow censorship rules as defined within Kuwait law.
- As a private, proprietary school, the owners finalize all major decisions.

Goals

- Provide learning experiences to cultivate self respect, resilience, and integrity.
- Create opportunities for personal, social, and academic excellence through the advancement of analytical skills, independence, and responsibility.
- Maintain open lines of communication and work together with the school community for the success of students.
- Develop citizenship, worldwide awareness, and an understanding for diversity.

Communication and Records

Permanent Record

A permanent record must be maintained for each student; the student's official file should only contain these items: academic transcript, academic testing, health records, emergency information, and academic or behavior information.

Release of Student Records

All materials in the students' file shall be treated as confidential and shall be accessible only to the principal, members of the professional staff, and to the legal guardians and/or parents. The parents are to be made aware that they have the right to this information. The parent or student who wishes to have access to student records should notify the school in writing. The school will grant access within 3 days of the request.

Parent/Student Emails

Parents are requested to give the school an updated email so that they can have access to all teacher-student communication and ease of communication with the school administrators and teachers. All students are assigned a school email on Gmail at the beginning of the year. It is requested that parents link their own email to their daughters school email.

Change of Address/Telephone

It is vital that the school office has up-to-date contact information. Parents are asked to notify the office as soon as possible in the event of any change of address or telephone number. Communication and the safety of your child depend on such information. Every child should have an emergency form filled out by a parent or guardian on file in the school office.

Transcripts

Only after all financial and school obligations have been met will the school issue a transcript. Academic records or transcripts will not be altered in any way to satisfy the requirements of a country, college, or university. Transcripts needed for school transfers or college entrance may be requested from the counselor. Three transcripts will be issued free of charge. Only credits taken at AAG will be listed on the official AAG transcript. Transcripts for credits obtained at other institutions must be obtained from that institution.

Withdrawal from AAG

Any student who decides to leave AAG should notify the Principal and Counselor both orally and in writing as soon as possible, but no later than one week prior to her departure. All obligations (library books, textbooks, fees, etc.) must be cleared before any records or transcripts can be released.

Academics

Assessing Student Progress

Evaluation of student progress by members of the faculty is a continuous process. Assessment of student achievement, effort and participation are used as measures of student progress toward meeting instructional objectives. Teachers develop rubrics and utilize other evaluative tools for all written, oral assignments, and hands-on projects. Teachers observe performance in the classroom on a daily basis. In evaluating student achievement, teachers consider homework assignments, classroom participation, and behavior, as well as quiz, test, exam and project scores. When students miss classes or waste time during class periods, learning opportunities are lost. Teachers consider all of these aspects when assigning grades.

Assessment Guidelines

- At the beginning of each course, teachers will inform students and the administration of their classroom expectations and grading procedures.
- Teachers will use multiple techniques when assessing student progress (quizzes, tests, oral and written reports, presentations, laboratory experiments, class participation, journals, portfolios, etc).
- Grading will be regular and related to the content of each subject.
- Teachers will report to students, and parents/guardians regularly, or as necessary, at the end of each quarter, as to the progress being made by their students.
- Parents/guardians will be informed and conferred with as soon as possible when a student's progress or attitude becomes unsatisfactory, or shows marked or sudden deterioration.
- Periodically, when a student's grade falls below 70%, parents/guardians will be notified through a Progress Report and a phone call.
- Teachers and the counselor will meet periodically to discuss pupil progress at each grade level.
- The counselor, principal, teacher or parent may call for a conference at any time in order to discuss a student's progress.
- Quarterly exams for High School students will be given four times a year, at the end of each quarter, and will count as 30% of the term grade.

Progress Reports

Student progress is reported to parents at the mid-point of each quarter through a progress report. Students receiving a grade of 70% or less in any subject will receive a progress report. Progress reports will be given out by individual teachers. **Progress reports must be signed and returned to the teacher issuing it.** Phone calls will be made home for any progress reports not returned.

Report Cards

The year is divided into 4 quarters, within two semesters. At the end of each quarter, a report card is issued to each student. Report cards will contain a percentage grade, and may contain comments

from teachers for each subject for the quarter. At the end of the school year a report card with numbers grade will be provided to the students.

Community Service Program (Optional)

Community Service is not only a great way to interact with your local community but to an active member in society. All high school students are given the option to earn grade points toward their Social Studies and English courses. For every 15 hours of volunteering, students will be able to earn 1% toward their final grade in one of their Social Studies and English courses. They have the opportunity to earn up to 3% (total of 45 hours) in one Social Studies course and another 3% toward one English course (a total of 6%). Students may begin volunteering in grade 9 and must submit all required documents to the guidance counselor on April 1st senior year.

Summer Reading Program (Optional)

Summer Reading program is an opportunity to increase the student's English quarter grade for the school year 2022-2023 by 3%. Deadline to hand in the summer reading assignment is September 18th 2016. Assignments will be graded by each grade level teacher; students that receive an 'A' will get 3% a 'B' will get 2%, a C will get 1%. Grade lower than a C is deemed unsatisfactory, therefore, will not receive credit.

Conferences

If the student receives a grade lower than 70 in any class or subject at the end of the grading period, the parent will be requested to schedule a conference with the teacher of that class or subject. Questions about the grade calculations should first be discussed with the teacher; if the issue is not resolved, the student or parent may request a conference with the principal. The report card or unsatisfactory progress report will state whether tutorials are required for a student who receives a grade lower than 70 in a class or subject.

Academic Integrity and Dishonesty

It is the intent of the administration and AAG High School staff to preserve the integrity of all curricular and co-curricular programs. The basis for all integrity is honesty, honor and truthfulness. Every student is expected to pursue their education with a commitment to these qualities. Academic dishonesty undermines the learning process; and therefore, is not tolerated in our school. Academic dishonesty includes cheating, plagiarism, fabrication and deception. Any student caught cheating, plagiarizing, or otherwise compromising the educational process, will be subject to disciplinary action. A student caught cheating will receive a grade of zero "0" for the individual assignment, quiz or test. More serious infractions, which compromise the educational process, will result in further disciplinary action which may include withholding of credit, detention, suspension, restriction from school activities, disqualification from awards eligibility and/or scholarship eligibility. Such action will depend on the nature and severity of the infraction.

- **Cheating** consists of giving or receiving answers from another student's test, quiz, or any given assignment, bringing unauthorized answers to a test or quiz. Cheating also includes

talking or looking at other students' papers during a test or quiz, writing on desks, pencils, clothes, body parts.

- **Plagiarism** is defined as taking credit for another person's work. This includes using another person's words and/or ideas without attributing credit to that person. Work must not be taken from written material or from the internet.
- **Fabrication** is falsifying any kind of information including research, data, citations, etc.
- **Deception** consists of giving false reasons for missing assignment deadlines, using false means to obtain credit for work, to give or receive answers to an assignment or assessment, or taking credit for another person's work.

Any student who has demonstrated academic dishonesty on any assignment will receive a grade of zero for that assignment and will be reported to the Principal for appropriate disciplinary action. Additionally, parents will be notified of any plagiarism by the classroom teacher. Please note that academic dishonesty will jeopardize a student's acceptance into AP English in Grade 12.

Credit and Grade Policy

Final semester grades of D- and above indicate that a student has earned credit for a completed course. The grade of I is a temporary grade that indicates that the work is in progress. No credit is awarded for grades of F. Credit is not awarded for repeated specific content courses in which credit has already been awarded, but the final grade can be changed to reflect a higher mark.

Grading

Each teacher evaluates on their class activity as well as mastery of subject matter. At the beginning of each semester, each student will receive the teacher's grade expectations for each one of her classes. Report cards will be distributed approximately one week after the close of each of the four marking periods. Additional grade assignment information:

- No student will be assigned a grade of less than 50 for a marking period or as a final grade.
- No percentage grade will be rounded up based on parent or student request.
- In terms of the eligibility policy, an "incomplete (I)" or a failing grade will be treated the same.
- The grade of "incomplete (I)" will be assigned only for extended illness and/or extenuating circumstances. Students receiving the grade of incomplete have two weeks after returning to school to fulfill the grade level requirement; if not, they will be retained.

Calculating Half Term GPA

$$\text{GPA} = \frac{\text{Grade Points}}{\text{Credits}}$$

Calculating Ministry GPA

$$(\text{GPA} + 1) \times 20$$

Calculating Cumulative GPA

The cumulative GPA is not calculated by adding all average GPAs and dividing by 4. The correct procedure would be to find the sum of all the GPA calculations for all the four years and divide it by the total number of credits. AAG uses a computer program in order to calculate the cumulative GPA.

These two awardees must also have attended AAG for at least three consecutive years of high school prior to graduation. The final calculation will be made at the end of the fourth quarter for the Valedictorian and Salutatorian awardees. In case of a draw after calculating the grade point average (GPA), the following standards will be used to determine honor graduates:

1. Semester numerical average for **all** core curriculum courses taking during the senior year will be used to determine a total numerical average.
2. The student with the highest numerical average will be the valedictorian.
3. The student with the second highest numerical order will be the salutatorian.

Calculating High Honor and Honor Awards

The final calculations for the High Honor and Honor students are not made until the end of the 4th quarter and averages have been compiled.

Code of Conduct

The school and teachers have the authority and responsibility to establish rules and requirements for students' academic and personal success. At the American Academy for Girls, reasonable standards of behavior are expected from our students. Girls need to act ethically and morally at all times. School rules are intended to protect the rights of each student to pursue her education in a safe and comfortable learning environment. Although the student code of conduct contains a listing of infractions, it is clearly intended not to be all inclusive, since no list can be. It is also intended that the administration and/or the Board Members have/has the power to administer discipline for any other offense that is in violation of law or school policy or procedures, or in violation of what is deemed accepted standards of conduct for students in the Kuwait community. School is a place where students not only learn about the rights and responsibilities of citizenship, but also gain valuable experience in appropriately exercising them. It is important to strike a balance between rights and responsibilities to contribute to the maintenance of a balance which is conducive to learning.

This code of conduct has been prepared to specify:

- Acceptable behavior and unacceptable behavior.
- Procedures to determine violations of rules.
- Consequences for such violations.

Honor Code

The AAG Code of conduct sets forth the high expectations that we place upon ourselves as teachers/administrators and that we expect our students to either develop or already possess. Therefore the Code of Conduct follows and represents the behaviors expected of our students.

I Promise:

- to be honest in all that I do.
- to be helpful and cooperative with administrators, teachers, classmates and guests.
- to be respectful and courteous towards teachers, students, and guests.
- to accept the discipline of the school as desirable and necessary for well-being and that of my classmates.
- that I will exhibit proper and safe behavior.

- I will behave in an orderly manner when using the corridors so as not to disturb other students or staff members.

- that I will not bring unsafe objects to school such as but not limited to: matches, knives, or other objects that may be considered unsafe.
- that I will not behave in a disruptive manner in class or during other school activities and on the playground.
- I will not deface or destroy school property.
- to be punctual in my class attendance and any other meetings.

Zero Tolerance Behaviors

AAG has zero tolerance towards specific behaviors as listed below. Appropriate consequences for these behaviors will be assigned by the Principal and administration. Consequences may include parent notification, parent-teacher-administration conference, in-school suspension or out-of-school suspension, removal from school clubs. Additionally, a grade reduction or grade of zero will be assigned as appropriate. These misbehaviors include, but are not limited to:

- Insubordination. This is blatant opposition to authority, a behavior that undermines the educational and moral tone of the school.
- Disrespectful behavior towards a teacher, staff member, or fellow student.

- Tampering with the fire extinguishers and or causing false alarm are very serious offences.
- Other inappropriate behaviors as determined by the Principal.

All students and parents should be aware of the following procedures concerning commencement and the graduation ceremony. The Principal advised by the superintendent and Executive Director, has the authority to end the graduation ceremony if conditions before or during the ceremony would disrupt the intended dignity of the occasion.

Lunch Detention

Lunch detentions will be held Sundays through Thursdays during lunch time in an assigned room. An assigned teacher to detention will take attendance at the beginning of the lunch. Students are allowed to eat or study individually during lunch detention, socializing is prohibited. Failure to show up for lunch detention will only increase consequences.

In-School and Out-of-School Suspension

When a student is assigned an in-school or out-of-school suspension, a parent will be notified. When a student is assigned an in-school suspension, she will not be permitted to attend class; instead, the student will be permitted to work on any missed class assignments or assessments. When a student is assigned out of school suspension, she will not be permitted to attend school and she will not be able to make up any missed class assignments or assessments. Therefore she will receive a “zero” grade on all missed work.

Expulsion from school

Expulsion from school may occur as a result of the most severe behavioral circumstances.

Conduct Before and After School

Teachers and administrators have full authority over student conduct before or after school activities on school premises and at school-sponsored events off school premises, such as play rehearsals, club meetings, athletic practices, and special study groups or tutorials. Students are subject to the same rules of conduct that apply during the operational hours of an instructional day.

Hallway/Out of Class

- Attempt or successfully alter, destroy, or disable district technology resources including, but not limited to, computers and related equipment, district data, the data of others, or other networks connected to the district's system. If this conduct occurs off school property, while not at a school-related or school-sponsored activity, the student will be subject to discipline under this Code if the conduct causes a substantial or material disruption at school.

If such conduct occurs off school property while not at a school-related or school-sponsored activity, the student will be subjected to discipline under this Code if the conduct causes a substantial or material disruption at school. (Student and parents, please note: the taking, disseminating, transferring, possessing or sharing of obscene, vulgar or otherwise illegal images or photographs, whether by electronic data transfer or otherwise, may constitute a crime under the State of Kuwait law. - Students are not allowed to wear an apple watch during school hours. Any apple watch seen on a student shall be confiscated and returned to a parent/guardian.

Group forming

It is the policy of AAG that no student will be allowed to be a member of a group at school, as groups reflect a negative image for our school. We understand that students will form groups for the purpose of friendships, based along the lines of common interests. However, when a group forms it has certain characteristics, including but not limited to a name for the group, a commitment from each member to protect other members from harm (protection) secret signs, etc. When it come to the attention of any teacher, staff member or administrator within the school that students are forming or have formed a group, this fact will be brought to the attention of the Director immediately. Both the Director and the Principal will take immediate action to disband any and all groups. Any violent acts, threats of violence, vandalism or other such actions as result of group membership will be dealt with severely; including notifications to the group members' parents, suspension, or possible expulsion from school.

Language

Students are to speak respectfully to one another and to adults, complaining and raising voices are not productive in our community. Given the importance of our students to master the English

language, students speak English throughout all classrooms at all times, unless they are in Arabic, French or Spanish. Also students are encouraged to speak and practice their English at break, recess and lunch times. Teachers will expect that English is the only language spoken to them unless stated otherwise.

Regular attendance to class is imperative for the completion of a class during a semester. **If a student does not show up or is late for over 30 minutes to class, she will be considered absent. When a student is absent 10 times to a class a letter will be sent home and she will be put on Academic Probation.** All unexcused absences; students will receive a zero for any work given that day.

Regular attendance at school shows the student's commitment to their classes and studies. If a student is put on Attendance Academic Probation and a mandatory parental meeting is required. If her absences still continue, she may not be asked to return back the following school year.

Tardiness

Students are expected to arrive to school before 7:15 a.m. each morning. Any student arriving to school after 07:25 will be considered late. Students that are late to school more than 5 times per year a letter will be sent home and/or the parents will be contacted and the student will receive a consequence. If tardiness becomes chronic a commitment letter to change will be signed by both parents and student. If the tardiness still continues the student may not be asked to return the following school year.

Students are not allowed to enter school after 8:00 am without an appointment card or medical note from a doctor. No student is allowed to enter school after 10:00 am even with a medical note.

Students are not allowed to leave school early without approval from high school administration and at least one day prior notice to the scheduled departure date. Documentation regarding the student’s early departure is also required. Proper identification of the parent or the guardian must be presented to the reception at the time of departure. An official letter and email requesting a mandatory meeting will be sent on the sixth absence. Failure on the part of the parent/guardian to attend a meeting or make arrangements will be construed as acceptance of the decision by the Principal after advisement from the Attendance Review Committee.
2. The five days of excused absences in a semester described in the policy are to take care of the following types of priorities:

- a. Personal illness – proper documentation for excused absence is required.
 - b. Professional or Special appointments – that could not be scheduled outside of the regular day. Documentation explaining the nature of the absence must be filed in the office.

Ministry Law

The ministry requires schools to notify parents when their child's absences have reached 15 unexcused days. When this occurs, the school will send a registered letter notifying the parents of the excessive absences. If the absences persist, the school will send a registered letter to the parents every three days absent. However, if your daughter exceeds 24 (twenty-four) unexcused absent days, the school is obligated to send your daughter's name and information to the Ministry of Education for further action.

Please remember the importance of student attendance at school and that, even though absences may be excused or unexcused, all absences account for the 90 percent threshold in regards to the Kuwait Ministry of Education laws surrounding “attendance for credit.”

A student involved in an extracurricular activity must notify her teacher ahead of time about any absences. A student will be permitted to make up tests and to turn in projects due in any class missed because of absence. Traffic Safety

To insure the safety of our students, we ask that you observe normal traffic regulations when dropping off or picking up your child. Be sure to come to a complete stop and check the intersection for pedestrians before moving. Please do not double park when picking up your child.

Dear High School Parents,

This letter serves to clarify the new attendance policy at the American Academy for Girls School. Every time your daughter arrives late she interrupts first block class. This is very disruptive to the teacher and fellow students.

The school's philosophical perspective on attendance is that classroom experience is of unique value and cannot be duplicated by make-up work. The purpose of this attendance policy is to foster responsibility and reliability on the part of students to attend all classes. Students will acknowledge greater emphasis on attendance at school because credit in their classes will be contingent upon their presence.

The following policies will take place:

1. **Attendance:** Students have a limit of 10 absences (with or without an excuse). If the student exceeds the 10 day limit, for every additional day absent, there will be a deduction of 2% of the final grade for every subject that is registered in semester 2.
2. **Tardy to School:** Students have a limit of being late 5 times to school. If the student exceeds the limit, for every 3 times she is late, there will be a 1% deduction to the final grade of every subject.

It is important for your daughter to be in class in order to have the best opportunity for positive growth and achievement. We look forward to working with you to improve your daughter's attendance and endure the success of your child in school.

Thank you for your cooperation.

**HIGH SCHOOL BEHAVIOR CONTRACT
2022-2023**

I, promise my teachers, my parents, and myself to honor this contract with good behavior and work habits. I realize that violation of this contract by me will result in consequences.

If I choose to engage in behavior which breaks the rules, harms others, destroys property, or deems unfit by members of administration I will receive consequences. Consequences for excessive tardiness, disruptions in the classrooms, bullying another student, and dress code violations, etc are clearly defined in the AAG High School Student/Parent Handbook 2022-2023. Consequences vary from the AAG High School Student/Parent Handbook 2022-2023 depending on the infraction and may include; but not limited to Lunch Detention, ISS (In School Suspension), OSS (Out of School Suspension), grade reduction, and/or expulsion from school.

I understand that if I plan, participate, and/or engage in any form of an incident or prank on the school premises I will face severe consequences deemed by administration.

I understand parental contact may be necessary deemed by the principal. I also understand should my behavior reach a point to be considered “chronically disruptive” a conference will be held with the high school principal. At such time, I will be notified that all further discipline problems will result in automatic office referrals.

Dear Students and Parents/Guardians:

Our goal is to help each student succeed, and to be proud of her academic and personal accomplishments. In order to meet this goal, we strive to provide a positive learning environment that is based on mutual respect. In all of our schools, we stress two underlying principles with our students;

1. respect self and others.
2. comply with adult requests.

Students who are mindful of practicing these principles are on their way to a successful and enjoyable school year. To establish a positive learning environment for our students, the Code of Student Conduct is necessary. This handbook highlights policies and regulations in our schools, and the consequences that will occur when there are violations. Students and parents, please review this handbook together and sign.

Respectfully,

Shannon Rooney
High School Principal
