- The school must follow censorship rules as defined within Kuwait law.
- As a private, proprietary school, the owners finalize all major decisions.
- All student work will be done in soft copy form on the laptop.

## **Goals**

- Provide learning experiences to cultivate self-respect, resilience, and integrity.
- Providing a safe and educational environment.
- Create opportunities for personal, social, and academic excellence through the advancement of analytical skills, independence, and responsibility.
- Maintain open lines of communication and work together with the school community for the success of students.
- Develop citizenship, worldwide awareness, and an understanding for diversity.

## **Communication and Records**

### **Permanent Record**

A permanent record must be maintained for each student; the student's official file should only contain these items: academic transcript, academic testing, health records, emergency information, and academic or behavior information.

### **Release of Student Records**

All materials in the students' file shall be treated as confidential and shall be accessible only to the principal, members of the professional staff, and to the legal guardians and/or parents. The parents are to be made aware that they have the right to this information. The parent or student who wishes to have access to student records should notify the school in writing. The school will grant access within 3 days of the request.

### **Parent/Student Emails**

All students and parents are assigned a school email on Gmail at the beginning of the year. Parents and students are required to check their AAG school emails daily to keep up-to-date with any information/updates or communication from school administration or teachers. Parents are requested to give the school an updated email so that they can have access to all teacher-student communication and ease of communication with the school administrators and teachers. It is requested that parents link their own email to their daughters' school email.

### **Change of Address/Telephone**

It is vital that the school office has up-to-date contact information. Parents are asked to notify the office as soon as possible in the event of any change of address or telephone number. Communication and the safety of your child depend on such information. Every child should have an emergency form filled out by a parent or guardian on file in the school office.

### **Withdrawal from AAG**

Any student who decides to leave AAG should notify the Principal and Counselor both orally and in writing as soon as possible, but no later than one week prior to her departure. All obligations (library books, textbooks, fees, etc.) must be cleared before any records or transcripts can be released.

## **Academics**

### **Assessing Student Progress**

Evaluation of student progress by members of the faculty is a continuous process. Assessment of student achievement, effort and participation are used as measures of student progress toward meeting instructional objectives. Teachers develop rubrics and utilize other evaluative tools for all written, oral assignments, and hands-on projects. Teachers observe performance in the classroom on a daily basis. In evaluating student achievement, teachers consider homework assignments, classroom participation, and behavior, as well as quiz, test, exam and project scores. When students miss classes or waste time during class periods, learning opportunities are lost. Teachers consider all of these aspects when assigning grades.

### **Assessment Guidelines**

- At the beginning of each course, teachers will inform students and the administration of their classroom expectations and grading procedures. The course outline will be posted on Google Classroom.
- Teachers will use multiple techniques when assessing student progress (quizzes, tests, oral and written reports, presentations, laboratory experiments, class participation, journals, portfolios, etc).
- Grading will be regular and related to the content of each subject.
- Students have one week to complete their homework.
- Grades will be posted on Google Classroom on Thursdays.
- Due dates are to be adhered to. Students will be given a one day extension for late submissions, only if the student informs the teacher that the work will be late before the due date and time has passed.
- Teachers will report to students, and parents/guardians regularly, or as necessary, at the end of each quarter, as to the progress being made by their students.
- Parents/guardians will be informed and conferred with as soon as possible when a student's progress or attitude becomes unsatisfactory, or shows marked or sudden deterioration.
- Periodically, when a student's grade falls below 70%, parents/guardians will be notified through a Progress Report and a phone call.
- Teachers and the counselor will meet periodically to discuss student's progress at each grade level.
- The counselor, principal, teacher or parent may call for a conference at any time in order to discuss a student's progress.

- Semester exams for Middle School students will be given two times a year, at the end of each semester.

### **Progress Reports**

Student progress is reported to parents at the midpoint of each quarter through a progress report. Students receiving a grade of 70% or less in any subject will receive a progress report. Progress reports will be given out by individual teachers. **Progress reports must be signed and returned to the teacher issuing it.** Parents will be phoned if progress reports are not returned. If a student received two or more D's or F's they will be placed on an intervention program for additional support.

### **Report Cards**

The year is divided into 4 quarters, within two semesters. At the end of each quarter, a report card is issued to each student. Report cards will contain a percentage grade, and may contain comments from teachers for each subject for the quarter. At the end of the school year a report card with numbers grade will be provided to the students.

### **Classroom Environment**

**Every AAG student has the right to feel safe and secure during class, free from cyber bullying and emotional harm. In addition, it is important that each student is capable of learning to develop self-discipline, positive work habits, and to think independently.**

Online Classes might be required throughout the school year on some days via Google Classroom. At no time are parents allowed to record the sessions due to our students' privacy. If your daughter misses a session, please contact her teacher. Online classes are mandatory like any regular school day. During online classes, students must have their cameras turned on. If there is a technical issue with the student's camera or device then the teacher is to be notified by the Parent. If we have online classes, students are not allowed to have their parents, any family members, nannies, or pets involved in the live sessions from home.

### **Positive Behavior Policy**

At AAG, we believe that everyone always has the right to feel safe. Our goal is to prepare young women for successful participation in our community by providing the following:

- A safe, caring, nurturing, well-planned positive learning environment supporting learning.
- Successful positive behavior guidance is built upon strong relationships that are grounded in trust and respect. Teaching staff and administration develop strategies to build each girls' social, emotional, and behavioral skills based on shared understanding and respect with each family. Establishing regular and ongoing two-way communication with families will create strong relationships that allow for effective collaborations.
- Expectations that your daughter's behavior will be expressed clearly, simple, and will be developmentally appropriate.
- By consistently observing and documenting student behavior, teaching staff may identify the situations that trigger disruptive or unsafe behaviors and help determine the factors that contribute to such behavior.
- Positive reinforcement and encouragement for appropriate behavior. It is important to let the students know that they are making progress toward a desirable new skill to encourage their effort.

- Unacceptable/dangerous behaviors which are repeated or prolonged require careful investigation and advice from the Counselor.
- Incidences of inappropriate behaviors like bullying and violence will involve the whole staff team in consultation with parents to develop and implement a program to address issues regarding the behavior.

We believe that:

- Everyone has the right to feel safe all the time.
- Behavior improves more when handled in a positive way.
- Staff and parents need to share responsibility, being consistent all the time creating a safe, secure environment for children, and modeling appropriate behaviors.

### **Summer Reading Program (Optional)**

Summer Reading program is an opportunity to increase the student's English quarter one grade for the school year 2025-2026 by 3%. Assignments will be graded by each grade level teacher.

### **Summer Math Program (Optional)**

Summer Math program is an opportunity to increase the student's Math quarter one grade for the school year 2025-2026 by 3%. Assignments will be graded by each grade level teacher.

### **Conferences**

If the student receives a grade lower than 70 in any class or subject at the end of the grading period, the parent will be requested to schedule a conference with the teacher of that class or subject. Questions about the grade calculations should first be discussed with the teacher; if the issue is not resolved, the student or parent may request a conference with the principal. The report card or unsatisfactory progress report will state whether tutorials are required for a student who receives a grade lower than 70 in a class or subject.

### **Academic Integrity and Dishonesty**

It is the intent of the administration and AAG Middle School staff to preserve the integrity of all curricular and co-curricular programs. The basis for all integrity is honesty, honor and truthfulness. Every student is expected to pursue their education with a commitment to these qualities. Academic dishonesty undermines the learning process; and therefore, is not tolerated in our school. Academic dishonesty includes cheating, plagiarism, fabrication and deception. Any student caught cheating, plagiarizing, or otherwise compromising the educational process, will be subject to disciplinary action. A student caught cheating will receive a grade of zero "0" for the individual assignment, quiz or test. More serious infractions, which compromise the educational process, will result in further disciplinary action which may include withholding of credit, detention, suspension, restriction from school activities, disqualification from awards eligibility and/or scholarship eligibility. Such action will depend on the nature and severity of the infraction.

- **Cheating** consists of giving or receiving answers from another student's test, quiz, or any given assignment, bringing unauthorized answers to a test or quiz. Cheating also includes talking or looking at other students' papers during a test or quiz, writing on desks, pencils, clothes, body parts.
- **Plagiarism** is defined as taking credit for another person's work. This includes using another person's words and/or ideas without attributing credit to that person. Work must not be taken from written material or from the internet.

- **Fabrication** is falsifying any kind of information including research, data, citations, etc.
- **Deception** consists of giving false reasons for missing assignment deadlines, using false means to obtain credit for work, to give or receive answers to an assignment or assessment, or taking credit for another person's work.

Any student who has demonstrated **academic dishonesty** on any assignment will receive a **grade of zero** for that assignment and will be reported to the Principal for appropriate disciplinary action. Additionally, parents will be notified of any plagiarism by the classroom teacher.

### **Credit and Grade Policy**

Final semester grades of D- and above indicate that a student has earned credit for a completed course. The grade of I is a temporary grade that indicates that the work is in progress. No credit is awarded for grades of F. Credit is not awarded for repeated specific content courses in which credit has already been awarded, but the final grade can be changed to reflect a higher mark.

### **Grading**

Each teacher evaluates her class activity as well as mastery of subject matter. At the beginning of each semester, each student will receive the teacher's grade expectations for each one of her classes. Report cards will be distributed approximately one week after the close of each of the four marking periods. Additional grade assignment information:

- No percentage grade will be rounded up based on parent or student request.
- In terms of the eligibility policy, an "incomplete (I)" or a failing grade will be treated the same.
- The grade of "incomplete (I)" will be assigned only for extended illness and/or extenuating circumstances. Students receiving the grade of incomplete have two weeks after returning to school to fulfill the grade level requirement; if not, they will be retained.

## **Code of Conduct**

The school and teachers have the authority and responsibility to establish rules and requirements for students' academic and personal success. At the American Academy for Girls, reasonable standards of behavior are expected from our students. Girls need to act ethically and morally at all times. School rules are intended to protect the rights of each student to pursue her education in a safe and comfortable learning environment. Although the student code of conduct contains a listing of infractions, it is clearly intended not to be all inclusive, since no list can be. It is also intended that the administration and/or the Board Members have/has the power to administer discipline for any other offense that is in violation of law or school policy or procedures, or in violation of what is deemed accepted standards of conduct for students in the Kuwait community. School is a place where students not only learn about the rights and responsibilities of citizenship, but also gain valuable experience in appropriately exercising them. It is important to strike a balance between rights and responsibilities to contribute to the maintenance of a balance which is conducive to learning.

This code of conduct has been prepared to specify:

- Acceptable behavior and unacceptable behavior.
- Procedures to determine violations of rules.
- Consequences for such violations.

### **Honor Code**

The AAG Code of conduct sets forth the high expectations that we place upon ourselves as teachers/administrators and that we expect our students to either develop or already possess. Therefore the Code of Conduct follows and represents the behaviors expected of our students.

### Notes for Understanding Discipline Chart:

1. **Lunch Detention**-Student will stay with the teacher the entire lunch time. When a student is assigned lunch detention, the parent will be notified by the teacher or staff member before the detention day and arrangements will be determined at that time. The student needs to bring food from home, she will not be allowed to buy food from the cafeteria during lunch. If a student has three lunch detentions they may not go on a fieldtrip that semester. During lunch detention students will be required to write an essay about making positive choices.
2. **ASD – After-school detention:** ASD is one hour, which will be spread over two days after-school from 1:45 to 2:15 with the teacher who issued the ASD or assigned staff member.
3. **ISS - In-School suspension:** when a student has an ISS, the student will not be admitted to class; teachers will send any assignments to the suspension room for the student to complete; it is the student's responsibility to obtain any class notes, quizzes, tests, etc. missed due to suspension.

4. **Lock/out:** Students who are tardy to class will be allowed to enter class, but their name(s) will be emailed to the Principal. If it is their first offense, the student will be assigned a lunch detention with the teacher. If it is not their first offense, please see the handbook for the appropriate consequence.
5. An **ASD, ISS, SS, or 3-day SS CANNOT** be given if parent contact has not been made a minimum of 5 days before. Unless, the infraction warrants an immediate consequence due to the nature of the situation. If you emailed and did not get an answer by the 2<sup>nd</sup> day, please make a phone call and document all efforts.

**NOTE:** **If a student receives 3 detentions or an ASD, ISS, SS for behavioral concerns, she will not be allowed to attend any field trip(s) for that quarter only. It is non-negotiable! All documentation of consequences will be copied and given to the secretary to put in the student's permanent folder.**

If a student has persistent suspensions and persistent behavioral concerns, that student's name will be placed on the **Do Not Return (DNR)** list for the next school year.

### **Expulsion from School**

Expulsion from school may occur because of the most severe behavioral circumstances - if all other means of correction have not been successful in modifying the behavior of the student. In such cases, Kuwait Ministry of Education regulations will be strictly adhered to.

### **Conduct Before and After School**

Teachers and administrators have full authority over student conduct before or after school activities on school premises and at school-sponsored events off school premises, such as play rehearsals, club meetings, athletic practices, and special study groups or tutorials. Students are subject to the same rules of conduct that apply during the operational hours of an instructional day.

All problems trickle into school, any problem arises from WhatsApp groups the students involved will result in immediate consequences.

### **Group forming**

It is the policy of AAG that no student will be allowed to be a member of a group at school, as groups reflect a negative image for our school. We understand that students will form groups for the purpose of friendships, based along the lines of common interests. However, when a group forms it has certain characteristics, including but not limited to a name for the group, a commitment from each member

to protect other members from harm (protection), secret signs, etc. When it comes to the attention of any teacher, staff member or administrator within the school that students are forming or have formed a group, this fact will be brought to the attention of the Director immediately. ## Attendance

Attendance at school is very important to the academic achievement of any student. If a student comes late to school they automatically disrupt first block class. Regular attendance to class is imperative for the completion of a class during a semester. **If a student does not show up or is late for over 30 minutes to class, she will be considered absent. When a student is absent 10 times for a class a letter will be sent home and she will be put on Academic Probation.** All unexcused absences; students will receive a zero for any work given that day.

Regular attendance at school shows the student's commitment to their classes and studies. If a student is put on Attendance Academic Probation and a mandatory parental meeting is required. If her absences still continue, she may not be asked to return back the following school year.

## Tardiness

Students are expected to arrive at school at 7:20 a.m. each morning. Any student arriving at school after 07:30 will be considered late. Students that are late to school more than 5 times per year **a letter will be sent home and/or the parents will be contacted** and the student will receive a consequence. If tardiness becomes chronic a commitment letter to change will be signed by both parents and student. If the tardiness still continues the student may not be asked to return the following school year.

Students are not allowed to enter school after **7:45 am** without an appointment card or medical note from a doctor.

Documentation regarding the student's early departure is also required. Proper identification of the parent or the guardian must be presented to the reception at the time of departure. If a student becomes ill during the school day, the nurse will determine whether the student should go home or complete the school day.

### **Absence from School**

All students are expected to attend school on a daily basis. If a student is absent or late to school, the parent is asked to contact the school office. If contact is not made, the school will attempt to contact the parent by phone. **When students are returning from any absence, a student must submit a doctor's note to receive an excused absence.** Parent notes will not be accepted.

The school asks to receive 24 hour notice if a student must miss part of the day due to an appointment.

### **Unexcused Absence**

All unexcused absences should result in zero grades for participation on the days of the unexcused absences.

### **Ministry Law**

The Ministry requires schools to notify parents when their child's absences have reached 15 unexcused days. When this occurs, the school will send a registered letter notifying the parents of the excessive absences. If the absences persist, the school will send a registered letter to the parents every three days absent. However, if your daughter exceeds 24 (twenty-four) unexcused absent days, the school is obligated to send your daughter's name and information to the Ministry of Education for further action.

A student is encouraged to speak with her teacher if the student knows of an absence ahead of time, including absences for extracurricular activities, so that the teacher and student may plan any work that can be completed before or shortly after the absence. Please remember the importance of student attendance at school and that, even though absences may be excused or unexcused, all absences account for the 90 percent threshold in regards to the Kuwait Ministry of Education laws surrounding "attendance for credit."

A student involved in an extracurricular activity must notify her teacher ahead of time about any absences. A student will be permitted to make up tests and to turn in projects due in any class missed because of absence. Teachers may assign a late penalty to any long-term project in accordance with time lines approved by the principal and previously communicated to students.

### **Sick Leave Policy**

Standard Operation Procedure (SOP) on how to obtain sick leave form:

5. Sick leave during examination days: the student should report to school and be examined by the school nurse if she needs to be sent to the doctor except during emergencies like accidents and acute illnesses and when they are to be admitted in the hospital. Parents must inform the principal in their respective department and the school nurse.

### **School Nurse**

The school nurse is available throughout the school day. Her clinic is located near the superintendent's office on the main floor.

The nurse's pass should be carried by the student at all times. To see the nurse, a student must inform the classroom teacher of the problem and get the nurse's pass from the Principal, Assistant Principal or Counselor.

The nurse will determine the nature and degree of the illness. If the nurse decides to send a student home because of illness, parents/guardians will be telephoned and asked to take the student home. Upon leaving, students must sign out through the Middle School secretary's office. Teachers will be notified that the student will not be in class.

Only the nurse can administer medicine to students with the written permission from parents/guardians. Any prescription drugs required during school hours should be registered and taken with the nurse.

If for any reason the students will need to be quarantined and separated from other students, while waiting for parent pick-up, we will have a special quarantine room at the school premises to keep all students safe.

Students injured at school should receive first aid from the nurse. If the student requires further treatment, then the parent is notified and the parent will take the student to the doctor. For emergency situations, the student will be taken to the clinic or hospital via ambulance accompanied by the Nurse. The parent will be contacted, and the Nurse will meet the parent there.

## **School Dress Code and Appearance**

### **School Dress Code**

All students are expected to wear the proper school uniform during school hours. Consequences for being out of uniform for any reason may include detention, non-admittance to class until uniform clothes are delivered to school, in-school suspension and out-of-school suspension. Since uniforms need regular laundering and may need mending from time to time, **we suggest that students have a minimum of two or three uniforms** made or purchased for school to ensure that students are always in proper uniform attire. Administration has the right to confiscate clothing that they deem in violation to the dress code.

## PARENT TIPS

Administration, teachers, and parents need to work together to maximize the achievement of each student. The following are some suggestions for parents to help their daughters to achieve:

1. Stress the importance of an **education, of attending school daily, being on time, and coming prepared to work.**
2. Be supportive; encourage your daughter(s) to do her best. Point out her positive qualities and strengths. **Please encourage your child to be honest at all times!**
3. Provide a special place in your home for studying and doing homework. This study area should have good lighting, a comfortable temperature, a desk or table, a chair and supplies such as a computer, dictionary, notebook, paper, pens, pencils and erasers.
4. Check with your daughter each day regarding what homework must be completed. Also, check your daughter's assignment book, AdminPlus parent portal for grades, and e-mails daily. Encourage her to complete each assignment.
5. Encourage your daughter to do her homework herself rather than the tutor or you doing it for her. Remember, it's not your homework. Your role is to advise only!
6. On a regular basis, provide time in which your daughter can share her notebook, class work, assignments, tests, projects, assignment book, etc. Reviewing your daughter's work with her ensures that parents/guardians are aware of her progress and of what she is learning in class. Furthermore, it allows parents/guardians and students to address questions or concerns.
7. Recognize positive achievement and improvement in your daughter's completion of assignments, grades on tests/quizzes, projects, and report cards.
8. Be an advocate for your child. As soon as you notice an academic or social problem, call the school.  
**Keep an open communication with her teachers via the school email account, telephone, conferences, etc.**
9. As much as possible, provide your daughter with a structured environment at home, including a regular study/homework time, a regular bedtime which provides at least 10-11 hours of sleep each night, a nourishing breakfast before school, and a nutritious lunch to bring to school. Please do not send candy, chips, or soda to school with your daughter.
10. Eating breakfast has been shown to improve children's behavior at school.
11. According to Kidshealth.org, "School age kids and preteens need 10-11 hours of sleep per night. Teens need about 9 hours of sleep per night, but many don't get it. Among other things, a lack of sleep can lead to being less attentive, inconsistent performance, short term memory loss or delayed response time.

12. Read over and discuss the Student/Parent Handbook with your child so that everyone knows what is expected of her in Middle School.
13. Check your daughter(s) grade on a daily basis to keep up with her grades. Also, her emails to ensure you are aware of messages from her teachers. In case there is a discrepancy it can be handled immediately.
14. Students should have a hygiene pack in their school bags, which must be restocked weekly.

**NOTE: The Middle School Staff will be enforcing the policies in this Handbook. It is the only way we can improve the standards and make AAG a school that we can all be proud to attend. We anticipate your continued support in achieving this goal.**

### **Middle School BEHAVIOR CONTRACT 2025-2026**

I, ....., promise my teachers, my parents, and myself to honor this contract with good behavior and work habits. I realize that violation of this contract by me will result in consequences.

If I choose to engage in behavior which breaks the rules, harms others, destroys property, or deems unfit by members of administration I will receive consequences. I understand I am not allowed to bring my cell phone to school unless stated otherwise by the school Principal. Consequences for excessive tardiness, disruptions in the classrooms, bullying another student, and dress code violations, etc are clearly defined in the AAG Middle School Student/Parent Handbook 2025-2026. Consequences vary from the AAG Middle School Student/Parent Handbook 2025-2026 depending on the infraction and may include but not limited to Lunch Detention, ISS (In School Suspension), OSS (Out of School Suspension), SS (Saturday School), grade reduction, and/or expulsion from school.

I understand that if I plan, participate, and/or engage in any form of an incident or prank on the school premises I will face severe consequences deemed by administration. I understand parental contact may be necessary deemed by the principal. I also understand should my behavior reach a point to be considered “chronically disruptive” a conference will be held with the Middle School Principal. At such time, I will be notified that all further discipline problems will result in automatic office referrals.
